RE: ENERGY STAR POSTER & APPLICATIONS & ELECTRICITY BILL SUPPORT POSTERS

Dear Chief & Council,

I hope you are having a wonderful fall season so far. We thought we would provide your council with a couple new information posters for the Band Office and store:

1. Help for Customers with Electricity Bills Poster

2. Energy Star Appliance Rebate Poster & Pocket of applications

Feel free to staple the pocket filled with applications to the bottom of the poster

** Please keep this program in mind if your band is purchasing new appliances for houses – we offer money back to your band for EnergyStar appliances purchased. Customers can also apply for money back on EnergyStar appliances they purchase.*

Thank you for your assistance in sharing this information with your community members, and please reach out to me at any time with any questions or concerns.

Sincerely,

Gail

ENERGY STAR® appliance rebate program

For Hydro One Remotes Customers

The Hydro One Remotes ENERGY STAR® Rebate Program is to encourage Communities and Customers to purchase ENERGY STAR® Appliances. ENERGY STAR® Appliances are in the top of their class for energy efficiency, which means they use less energy than other appliances, saving you money on your electricity bill. Check out the Application on the next page to see how much money back (rebate) you can receive by participating in this program!

What is ENERGY STAR®?

The ENERGY STAR® symbol is the internationally recognized and trusted mark of high efficiency. The symbol means that a product, new home, building or industrial facility is certified as energy efficient.

ENERGY STAR® makes it easy for Canadians to make energy efficient choices that help them save money on energy bills, increase their competitiveness, and fight climate change.

Only appliances with this blue logo are energy efficient and qualify for this rebate
